

Title	Lead us not into temptation but deliver us from evil
Main Passage	Matthew 6
Preacher	Al Stroud
Series	Pray like Jesus

Summary

We can't overcome temptation on our own, we need to ask God for help and he has promised to do so.

Group Questions

Keeping this as a positive encouraging thing, God is offering a hand of help, to pull us ever more into freedom and the fullness of all he has called us to...

1. Are you aware of your weaknesses - where you are most likely to be tempted into sin?
2. Are you talking to God about this and seeking his help?

If you are struggling, don't run and hide, run into his presence, keep on pressing in and don't be robbed of your freedom.

Letting someone else know can be a tool in breaking free of some of our struggles that some may need. Encourage your group members to do that appropriately and also seek transforming prayer ministry (Monday Evenings - booking required).
